

Bush fire event

STEP 1

- Observe smoke/fire or receive an SMS from Emergency Services
- Call the relevant Emergency Information Line for advice on where to go and what to prepare
 - WA 13 3337
 - VIC 1800 226 226
- Discuss a safe location to evacuate with the client
- Call At Home Care to advise of the plan
- Pack the client's critical items (e.g. medication) and prepare to leave

STEP 2

- Shut windows, doors, turn off air conditioning and (if safe) turn off the power and gas
- Take the client's critical items and evacuate to the safe location
- Contact 000 if the client is unable to be transported

STEP 3

- Proceed to the safe location
- Call At Home Care to provide an update and for any support
- If you have not already, sign up to receive alerts from the [ServicesWA](#) or [VicEmergency](#) apps to keep updated
- **Do not attempt to return to the home**

STEP 4

- As soon as practicable, complete an incident report form
